

**Lesson One:** Revision of last weeks sounds then on to new sounds AY and ĀY on page 8 of [Week 3 - Tones and Sounds](#) .

**Lesson Two:** [2nd ULG](#) . This ULG does not give too many sentence combinations, but it does provide some very important spiritual vocabulary.

**Lesson Three:** More practice of A, Ā and Ă then a test on all the sounds learnt so far based on the grid at the bottom of page 8 of [Week 3 - Tones and Sounds](#) .

**Lesson Four:** [Time and More Numbers](#) . The first number sheet is a reference of all the numbers you will ever need to know. You do not need to learn all of these now but in the future they will come in handy. The sheet on Time has a Communicative Approach. Use this Communicative Approach and try to fill the table out!

**Lesson Five:** Page 9 of [Week 3 - Tones and Sounds](#) . The class learnt a new vowel and sound E then moved on to EO.

**Lesson Six:** [The next installment of bible books](#) . The class spent some time using the Balloon Exercise to learn the next 9 books of the bible.

**Lesson Seven:** [Witnessing presentation](#) . It has changed a little bit this week. If you are not comfortable moving on to this one you can stick with the one from last week. This presentation gives you an opportunity to introduce yourself and an 'alternate ending.'

**Homework:** As per the [homework sheet](#) and the [4 sheets Anh S n handed out](#) .
